CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

As the institute is affiliated to the Jawaharlal Nehru Technological University Kakinada (JNTUK), Kakinada, curriculum as well as the academic calendars followed by college is in accordance with the academic calendars prescribed by the affiliating university. The Institute has a well planned curriculum delivery and documentation process with the following mechanism being adopted :

- Taking the Academic Calendars (2019_20) released by the University into account, Principal instructed the Annual Academic Planning Committee to prepare college's "Academic Planners" for each department in consultation with the respective heads of the departments.
- Based on these Academic Planners, the Admission and Annual Academic Planning Committee (AAAPC) accumulates and in consultation with heads of the departments develops annual academic plans with exact dates for commencement of classes in each semester, dates of internal assessments; tentative schedules of workshops, seminars, industrial visits, cultural, sports, etc. and other academic and extra-curricular events.
- Faculty were encouraged to plan in advance to impart the curriculum incorporating OBE (Outcome Based Education) through innovative teaching methods such as presentations, assignments, expert technical lectures, discussions, workshops, seminars, quizzes, industrial visits apart from regular lecture sessions and are forwarded for reviews/suggestions and approvals from the respective Head of Departments and the Principal/Dean.
- Allocation of courses to the faculty is done taking into consideration, the faculty's seniority, experience in terms of no. of times of delivery and / or research, subject specialization, total years of experience, interest and willingness in handling the course(s).
- An orientation programme is conducted by IQAC to the teaching staff for preparation of Course files and they were prepared in accordance to the regulations provided by the affiliating University. These were verified by the HoD and Principal concerned, prior to the commencement of class works.
- The IQAC conducted academic audits of attendance registers, internal exams, question papers, and evaluation process in each semester.
- Identification of below average students and motivating them towards betterment in academic performances by ensuring special attention through conduct of remedial classes.
- Periodical feedback is obtained from the students on teaching-learning process, labs, library, and other administrative services offered at the institute.
- Academic review meetings were held twice in each semester to review the progress of syllabus coverage and the effectiveness of curriculum delivery.
- Two Parent-Teacher Meets were held to review the academic progress of students and discuss upon measures to be taken to enhance their performances and special attention towards their behavior.
- Multiple Industrial visits were arranged for the students to make them familiar with the industry processes and augment their knowledge on current technological advancements.

1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
<p>As a regular practice, the college obtains feedback at regular intervals from different stakeholders of the institute. Formal feedbacks are collected at regular intervals from students of both UG and PG Students of all programmes and prior to the commencement of External Examinations (i.e. usually before the Mid_2 exams commencement) covering various aspects of the college such as academics, faculty, laboratory, library, administration, canteen, hostel, extracurricular, etc. Student Feedback (Informal) is also obtained on all the institutional aspects during oral and general interactions with them. Both the formal and informal views were considered to arrive at certain decisions on institutional measures. Feedback is also obtained from Parents during Parent Teacher Meets (PTMs) that are organized by all the departments of the institute (at least once in each semester). Suggestions are invited, compiled, and brought to the notice of institutional authorities which are further implemented across all the departments. Feedback is collected from Alumni of the institute during their interactions in IQAC meetings and on their occasional visits to the institute during Annual Alumni Meets, Technical Fests, Campus Drives (organized by Alumni or through their references), Events, Felicitations, etc. Feedback from Alumni is analyzed to identify the challenges institute had with its agile competitors. Feedback is also collected from the Employers (visiting the campus for conduct of placement drives) by requesting them to identify the technical and attitude related lapses in our students. The feedback obtained will be analyzed to identify the specific areas of</p>

improvement and the students were trained to attain success during placement drives. Also, feedback is obtained informally during interactions with the employers by the Head, Training and Placements. Feedback is collected from Internal Stakeholders, especially the institute's teaching community, on the institutional practices on administrative and academic policies, and the implementation of such procedures, infrastructural requirements, etc. Apart from these regular practices of collecting feedback, the Institute has continued the practice of displaying Mobile (and WhatsApp) number of the Honorable Chairman at all notice boards in order to achieve and maintain transparency at all departments that render services in the institute.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

In continuation to the last academic year's practice, during the current academic year too, with reference to the recommendations of IQAC, the Student Mentoring and Counseling Committee (SMCC) is holding the responsibility of implementation of Mentor_Mentee System. Mentoring system is implemented with an objective to maintain better and effective student-teacher relationship. The system enables to fill gap between faculty and students relationship, trustworthiness and guide the students in Academic, personal as well as in career enrichment. Every mentor effectively interacts with allotted mentees regarding their performances in academic and non-academic aspects, personal issues, ambitions, and career development. The students who find it difficult to learn due to lack of self motivation and grasping power in regular learning methods will be encouraged specially to increase self confidence, learning and listening abilities. Besides, the system enables to identify the hidden talents of the students in various aspects of academic, co_curricular, extra_curricular and extra mural activities so that they can be promoted to do various activities in the concerned area for their holistic development. The mentors and parents mutually contact each other to acquaint themselves of their wards progress and take steps to mitigate any shortcomings in academic performances, skill developments and other personality traits. Thus, this system is established to develop a strong bond between mentor, ward, and ward's family too. With conditions prevailed due to COVID_19, the mentoring process has been continued using technology (via online, and telephone). Students are encouraged to participate in various online webinars, Workshops, Symposiums, Hackathons, and other skill development programmes, etc. The mentors always supported the average and below average academic performers by sharing class notes, hand notes, videos etc.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

As the institution is affiliated to JNTUK, evaluation norms as stipulated by the University are implemented without any deviation. Commencing from the academic year 2016_17, the University has introduced Credit based grading system and the institute is following the same. The college has followed the methods of assessing the academic performance of the students on a continuous basis as per University's laid regulations in such regard. Continuous assessment for theoretical courses :

- As per the JNTUK regulations, two internal midterm exams will be conducted. As per R19 regulation, midterm result will be calculated as an aggregate of 80 percent from the better performance and 20 percent from other performance during midterm exams.
- The maximum marks allotted for internal exams are 25, Assignment for 5 marks and to that of external exams are 70. Under this framework, the college conducts the components such as MCQs (for 10 marks which is conducted as an Online exam by University at particular time slots), Descriptive Questions (for 15 marks which is conducted by the respective faculty), and Assignments (for 5 marks which are assigned and evaluated by the respective faculty).
- Marks were awarded for all the above modes of evaluation and the final mark is calculated as per the regulation scheme (R16/R19...) the student comes under.
- The college has continued the practice of conducting Pre_final examination for first year students to make them familiar with the final examinations conducted by the University.
- To bring uniformity in evaluation of scripts by fresh recruits, the scripts were also scrutinized randomly by senior faculty for error free evaluation.
- Special tests for slow learners were conducted during the study hours.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The Academic Planning Committee constituted at the institute prepares Academic Planners for different courses based on the Academic Calendars released by the affiliating university at the beginning of the academic year and ensured to be available to the students prior to the commencement of academic year 2019_20. The Academic Planners were also made available to all teaching and non_teaching staff of the institute. The academic calendar contained yearly schedule of the university and all the schedules ranging from the list of holidays (national level holidays, state level holidays, local holidays and the institutional holidays), schedules of the college examinations and other forms of evaluation such as performance assessment in Departmental seminar presentations, etc. The tentative dates of all activities such as NSS, Trainings, Placement activities (drives), Career Counseling and Guidances, Motivational Sessions, Ethical Conscience building sessions, Guest Lectures, Workshops, Symposiums, Student/Staff Development Workshops, Women Empowerment Activities, etc. are included in these academic planners.

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

The college ensured optimal allocation and utilization of the available financial resources for maintenance and upkeep of different facilities. Utilizing the grants released by the management for such purposes was as per the prioritized requirements in the interest of students. Laboratory :

- Records of usage were maintained at all laboratories by lab technicians and supervised by respective HoDs. Other lab maintenance measures :
- All labs are equipped with related charts and programme lists related to the courses.
- The calibration, repairing, and maintenance of sophisticated lab equipment were done by the technicians of related owner enterprises.
- The microscopes used for biological and geological experiments were biannually cleaned and maintained by the concerned departments.
- There is systematic procedure for disposal of waste of all types such as biodegradable chemicals and e_waste.

Library :

- Details of visitors (students and staff) are recorded in a register.
- Suggestions box was set up inside the reading room to receive readers' feedback for identifying readers' views and experiences.
- The list of books required was collected from the concerned departments. The finalized list is duly approved and signed by the Principal and was sent to the Library committee for procurement process.
- Other issues such as weeding out of old titles, schedule of issue/ return of books etc. were chalked out / resolved by the Library Committee.
- For return of books, 'no dues' from the library is

made mandatory for students before applying for their clearance and TC. Sports : • The college has two full time Physical Directors for training students in sports and games. • The college practiced the philosophy of maintaining both academic and physical well being of students through regular physical activities such as sports and games. • During the AY 2019_20, students have participated and won prizes in Chess, Boxing, Football, Basket Ball, Table Tennis, Running Races, Tennis Tournaments in State-level and University level sports competitions. Computers : • Centralized and distributed computer laboratories existed in the college. Computer maintenance through AMC is done regularly and non_repairable systems are disposed off. Classrooms : • The college constituted a separate committee for general maintenance. At the department level, HoDs submit proposals for classroom furniture and other requirements. The college development fund is utilized for maintenance and minor repair of furniture and other electrical equipment. • With the help of two full time sweepers at each floor in each block, cleanliness of class rooms are very well maintained. • A complaint register is maintained in office in which students as well as faculty can register problems which will be resolved within a set time frame. • Students were sensitized regarding cleanliness and motivated for energy conservation by careful and conscious use of electricity in classrooms. Support Staff : • The college has employed various personnel such as technicians, masons, plumbers, and carpenters to ensure proper maintenance of infrastructure.

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

The Institute has an active Student Council whose representatives participate in various events and programmes held in and out of the campus. They assist in all events related to academics and other co-curricular and extracurricular activities, as per the directions from the respective committee representatives or of teaching faculty. The Council is constituted with majority of members from third and fourth years for UG programmes, and first and second years for PG programmes. They actively participate in academic administrative works by taking the help of their peers. They also motivate students to take part in activities organized in and out of the Institute. Major Contributions of the Student Council in Academic Administration are :

- Coordination in day to day activities such as time table monitoring, class room monitoring, ensuring discipline, cleanliness and hygiene in and out of classrooms and labs, etc.
- Coordination in communicating any sort of official information among students and faculty.
- Coordination while conducting special events like symposiums, workshops, seminars, awareness programmes, etc.
- Coordination in organizing Cultural events and Technical Fests, etc.
- Coordination in organizing inter

and intra collegeiate Sports and Games competitions • Coordination in seeking permissions and arranging Industrial Visits • Coordination in inviting the Guest speakers from Industry and Academia. • And many more... Management provides necessary support to the council members in organizing and coordinating the events. It encourages the students to develop their leadership skills through these activities. Student members in this council can become competent enough and develop managerial skills. Some of the notable and grand events at which students council has played a major role during the academic year 2019_20 are : • Fresher's Day Celebrations • St.Marys Sports Fest 2020 • Cultural Fest 2020 • Annual Day 2020 Celebrations • St.Marys Cricket League 2019

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Practice-1 : • The responsibilities of academic administration have been delegated to two senior academicians by a division of Engineering branches by earmarking the roles among the Academic Dean and Principal of Engineering programme for monitoring the activities of EEE, CIVIL, and Mechanical and CSE and ECE Departments, respectively. This resulted in a more focused approach on academic delivery aspects and discipline too. Practice-2 : • Different sub committees have been formed under the supervision of IQAC that comprised representatives from different stakeholders of the institute. This resulted in a clear delegation and decentralization of tasks that in turn boosted quality culture at the institute through enhanced stakeholder involvement and participation.

6.1.2 – Does the institution have a Management Information System (MIS)?

Partial

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Industry Interaction / Collaboration	<ul style="list-style-type: none"> The Institute maintained regular interaction with a number of companies CONCENTRIX, TCS IGNITE, Cognizant Technology Solutions (CTS), GENPACT, Supraja Technologies, Indian Servers,

etc. These companies provide training and/or participate in the drives (on/off_campus) organized or participated by the institute every year. • Industrial visits to JOCIL, SANGAM DAIRY, SRIHARI KOTA, etc. by UG and PG Students has widened their learning experiences through practical observations. • Senior officials from industries are invited for Guest Lectures, Workshops, and Subject Experts of identified institutes are invited for knowledge sharing.

Human Resource Management

- Following the previously introduced well defined Recruitment process for Teaching and Non_Teaching faculty.
- Induction for new faculty and non-teaching recruitees.
- Practicing the previously introduced well defined Performance Appraisal System for all the staff (teaching and nonteaching).
- Stress Management Programmes through Yoga and Meditation.
- Self appraisal of the teachers through maintenance of Academic Diary.
- Monitoring the activities of committees operating for Grievance Redressals, Anti Ragging, Women (Staff and Student) Welfare, Internal Complaints, Gender Sensitivity issues, etc.
- Availability of a consulting Doctor for facilitating health checkup of the students, teaching and non teaching staff on a weekly basis.
- Support and guidance is given for carrying research activities, presenting papers in conferences and publishing papers in reputed journals.
- Encouragement to Teaching and Nonteaching staffs for higher studies.
- Encouraging teaching staff to register and pursue NITTR Modules.

Examination and Evaluation

For many years since establishment, the Institute has a separate Examination department with well equipped ICT tools necessary for examination purposes which operate as per the stipulated guidelines of the affiliating university. • All the necessary equipment such as Desktops, dedicated Internet connection, UPS with power backup, Photocopying machines, etc. for examination cell are provided by the college for uninterrupted functioning during examinations. • The cell downloads examination paper from the university's portal, only a few minutes prior to the commencement of

every examination held in the college.

- The paper downloaded is then photocopied, and forwarded to the examination halls as per the seating plans affixed in notice boards on the day of the examination. All the procedures adopted by the examination cell are as directed by the affiliating university.
- To bring uniformity in evaluation in scripts by fresh recruits, the scripts are scrutinized by seniors randomly and anomalies are pointed out to them.
- Special tests are conducted for slow learners, assessed by the faculty and the students are informed of the mistakes committed by them and the faculty guides them with necessary support to improve their performance in the next examinations.
- Majority of the senior faculty especially from Engineering branches are nominated by the University for Spot Evaluation and the faculty contributes for quick processing of declaration of results.

Curriculum Development

Being an affiliated Institute, the college delivers curriculum as prescribed by the affiliating University. Some of the initiatives from the college to enhance learning experiences and exposure for students are :

- Inclusion of field work, industrial visit and educational excursions in both Undergraduate and Post graduate levels.
- Internships, Project works, On-The-Job Trainings, Workshops, etc.
- Offering Value added programmes to enrich curriculum delivery process and augment student skill development.

Admission of Students

As per the statutory guidelines and admission policies prevailing for Minority Institutions, 70 percent of the permitted intake in all the courses are admitted through various state level Common Entrance Tests such as AP EAMCET/EAMCET AC, AP ECET/ECET AC, AP ICET/ICET AC, AP PGECET/PGECET AC, AP POLYCET, etc. which are conducted by AP State Government or of the adhoc bodies established by the governing/monitoring/regulatory bodies of the state government. Students qualified in such tests are only eligible to join in the courses offered and are eligible for 'Fee Reimbursement' by the State Govt. of

Andhra Pradesh. The rest of the 30 percent is open for admissions under 'Management Quota' (Category-B). Students who are desirous of getting admitted into the courses offered by the Institute, but couldn't qualify in the aforesaid CETs can opt to join under this scheme of self financing. Screening of applications, tests, and counseling, etc. are all processed online. The college maintains its reputation of strict observance of State Govt. Rules in admissions for General as well as Reserved Categories of students. The college also offers coaching to such competitive examinations for students of other colleges also, and conducts mock tests for all career aspirants.

Teaching and Learning

The Institute offers the following to its students, as a part of Teaching and Learning process enhancement :

- Study Materials, Lab Manuals, etc. are shared via e-mails and/or WhatsApp groups.
- Conducting extra classes for the slow learners.
- Periodical evaluation of results and counseling the students as well as faculty.
- Examination and Evaluation system in both Internal and External assessment forms by following the procedures laid down by the affiliating University.
- Ebooks, electronic journal facilities for carrying out project works.
- Access to NPTEL Lectures in Labs to create wide exposure to students.
- Learning through Field Works, Industrial visits, summer school, etc.
- Mentoring and conduct of Value added courses.
- Project based learning.
- Motivation towards Research for staff and students.
- Assistance to students to get admission for Higher Education.
- Encouraging students to do mini projects in the concerned subjects
- Conducting Skill Development training programs.
- Unlimited access to internet facility and encouraging online learning.
- Video lessons, PPT's, E lessons, Lab Experiments
- Pre placement training.
- Initiatives to arrange more campus placement drives qualitatively and quantitatively.

Library, ICT and Physical Infrastructure / Instrumentation

The institute has given equal importance to the development and maintenance of such facilities. Some of the notable measures that continued

from previous years include : • Wifi facility in the entire campus enabling e_learning resource availability • Access to students for Lectures in various platforms such as NPTEL, and MOOCS, etc. • Separate internet connection in the library to access the e resources. • Model and smart classrooms development through the grants obtained from management. • Procurement of more equipment, teaching aids, and books from college fund. • Procurement of more desktop computers under college fund. • Maintenance of National Level Cricket ground.

6.2.2 – Implementation of e-governance in areas of operations:

E-governance area	Details
Student Admission and Support	An exclusive Student Admission Software serves this purpose. The Institute has continued its support to students by maintaining a Single Window Service system that offers several services including filing and submitting applications for Admission, Examination, Scholarships, etc.
Planning and Development	The Institute has online student feedback system which has been introduced during COVID-19 lockdown conditions, to collect feedback on faculty, online class conduction, etc. Various programmes were organized using MS-TEAMS, ZOOM, Webex, GoggleMeet, and other online platforms. To share course materials, etc. WhatsApp is in practice. All the staff's attendance details are captured via Biometric (Thumb) machines made available at Entry and Exit points of the Institute. These machines are integrated with TAMS Application Software and minimal human intervention is required in its maintenance as the software is managed through a central server placed in cloud services provider at Hyderabad.
Administration	<ul style="list-style-type: none"> • The institute uses Electronic Notice Circulation System using WhatsApp for students and staff of the institute • A Central office for record keeping is maintained with exclusive staff. • Single Window Service system has been adopted to cater to the students' requests pertaining to study/bonafide certificates, bus passes, letter of recommendations, etc. • Single Window Service mechanism was extended (through a separate counter)

	to cater to the staff requests for Service Certificates, Letter of recommendations, or any other document related purposes.
Finance and Accounts	For many years, the institute is using the accounting package Tally for financial and transactional data, accountancy, tax and GST calculation, managing commercial transactions effectively and efficiently.
Examination	<ul style="list-style-type: none"> The institute has a separate examination department which operates under the supervision of the Principal, and all the examination related procedures received from the affiliating authority (JNTUK) are scrupulously followed by this department. All exam/assessment related communication to all the departments will be forwarded through the Examination Cell only.

assessment and accreditation of the institute by NAAC on Sep 11, 2017, one of the major initiations was strengthening the institute in all academic and co-curricular aspects balancing the dissemination of social responsibility and ethical values among the stakeholders, and designing a roadmap for NBA Accreditation of few departments, and applying for the grant of Autonomous status in the successive years. 2. IQAC has promoted the use of ICT in teaching and learning process, significantly. 3. Institute took a major leap in encouraging the faculty members to actively participate and/or organizing faculty development programmes. 4. Additional facilities such as examination section, placement cell, and Campus Attached Hostel for Reserved category students, parking facility, lawn tennis court, basket ball court, canteens, and new stationary stores were provided which enhanced the quality of campus life and satisfaction levels of the students. 5. LCD projectors are installed permanently in some class rooms and in few classrooms mobile projectors are made available for use. 6. The number of corporate/industry people visiting the campus is on a considerable rise. Entrepreneurship is nurtured through various innovative activities. The periodical parent-teacher, alumni, and industry-institute interactions that greatly enhanced stakeholder relationships with institution. 7. Internal Quality Assurance system is strengthened by reconstituting the IQAC of the institute, conducted biannual academic audits, strict adherence to academic schedules and planners, periodical analysis of student and faculty performances, continuous stakeholder feedback and appropriate modifications. 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Our Institution consistently inspires students and provides platform for technical skill development, multidisciplinary project development, Entrepreneurship development, Ethical and Human values development. With the trust of academic and technical excellence, Institution motivates and support students to participate in various Local, Regional, and National competitions. Students learn ethics, team building, technical skills, presentation skills, project management and financial management and they also experience their physical strength, healthy competition environment and global standards by participating in competitions. Our Institution not only encourages students to participate but also provides financial support. The Institute has established its distinctive approach towards this comprehensive Vision by modeling it in the form of service to the society, by allowing the students to organize events to develop their skills, multidisciplinary project development, Entrepreneurship development, Ethical and Human value development. (a) Skill Development: The Institution arranges skill enhancement programs to develop their skills for example - Personality enrichment, Employability skill development, Entrepreneurial development, Language skill development etc., (b) Projects: Students at the UG and PG degree courses take up Internships in industries and pursue their projects which give them hands on training experience in their fields of interest. (c) Entrepreneurial Development: The institutional ED Cell critically works on generating the excitement in the young brains to generate innovative ideas and thus laying the stones for entrepreneurship. Budding entrepreneurs are motivated for startups so that they are self sufficient and independent financially and can either support their education or family. (d) Ethical and Human value Development: Ethical values is the foremost interest of the institution, Students are motivated to visit orphanages, old age homes, Cancer institute's and serve the local adopted school or village through NSS. Students of the college were always sensitive to the social/national crisis during the natural devastations. The Vision of the Institute focuses on four aspects essentially : Global Standards, Value_based Education, Social Responsibility, and Sustainable Development. The positive outcomes are achieved by incorporating the curriculum delivery blended with ethical values. The structured induction of the student into the curriculum enables to visualize the career opportunities and the approach towards achieving them. The institute provides sufficient encouragement to establish startups and develop their ideas into commercially viable products, facilitates the students to work on innovative project ideas.
