15. Multidisciplinary / interdisciplinary					
<p>To develop all-round capabilities to the students, our institute has planned and conducted short-term and value-added courses. The major objective is to equip students with multiple skills so that they don't need to depend upon employment alone, rather transform themselves as entrepreneurs. As the institute is affiliated to Jawaharlal Nehru Technological University (JNTUK) Kakinada, regulations from the university in this regard are scrupulously followed and executed.</p>					
16. Academic bank of credits (ABC):					
<p>Being an affiliated institute to JNTUK, Kakinada, we do not have scope for creation of profile with ABC and access it. But, as the affiliating university has initiated the procedures to create its profile in ABC the detailed guidelines in this regard have been circulated among the students at our institute.</p>					
17. Skill development:					
<p>Our institute in collaboration with AP State Skill Development Corporation (APSSDC) has organized multiple programmes to enhance Communication Skills, Technical Skills, and Employability Skills of our students. Also, at the institutional level, we have organized workshops, seminars, student/faculty development programmes aiming to develop constitutional, ethical, and universal human values among students and staff.</p>					
18. Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture,					

using online course)

The curriculum received from the affiliating University has been consciously framed to incorporate and integrate courses that teach Indian Knowledge System promoting human values, ethics, religious tolerance, national integrity, arts, heritage and culture of our country. The institute apart from offering these courses, it tried to achieve the objective by conducting events during festivities such as Ganesh Chaturthi, Sankranti, Holi, Christmas, etc. and observing national commemorative days such as Republic Day, National Youth Day, International Women's Day, Independence Day, etc.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

The affiliating University has developed a good strategy to transform its curriculum towards OBE and our institution has adopted it in total. The institution has developed some good practices towards OBE by having well defined processes to evaluate the outcomes from Program Educational Objectives (PEO), Program Specific Objectives (PSO), and defining Course Outcomes (CO) for all courses. In addition, all the students are assessed as per the OBE model during the evaluation process at the institute level especially during Mid-term examinations.

20.Distance education/online education:

Distance education has not been initiated for the engineering courses offered by the affiliating university and being an affiliated institute we do not have such provision. But, the institute has facilitated all the necessary infrastructure and tools to offer courses via online learning systems which were enormously useful during the Covid-19 pandemic. The institute has witnessed a wide acceptance of online teaching-learning process by the students and teaching faculty. The institute has found various avenues for offering online classes (for regular academic process, and skill development too) through various platforms such as MS-Teams, Zoom, Google Meet, etc.

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

As our institute is affiliated to the Jawaharlal Nehru Technological University Kakinada (JNTUK), Kakinada, curriculum as well as the academic planners followed by college is in accordance to what has been prescribed by the affiliating university. The Institute has a well planned curriculum delivery and documentation process with the following mechanism being adopted :

- The Annual Academic Planning Committee consisting of Principal, and all the heads of departments verifies and finalizes the Academic Planners prepared for both the semesters. These planners include schedules for workshops, seminars, industrial visits, cultural, sports, etc. and other academic, co- and extra-curricular events.
- Prior to the commencement of class works, IQAC organizes an orientation programme to the teaching staff on preparation of course files and they were prepared in accordance to the regulations of the affiliating University.

- Periodical feedback is taken by IQAC from students on teaching-learning process, labs, library, and other administrative services offered at the institute and corrective measures were suggested to improve the services rendered.
- Slow learners are identified and are given special attention during tutorial / study hours. Backlogs are effectively handled through remedial sessions. Mentoring is done for all-round development of students, on in a regular manner.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

- Our institution being affiliated to JNTUK, all the regulations stipulated by the University with respect to schedules and mode of conduct of continuous internal evaluation (CIE) are adhered without any deviation. The CIE pattern as per R16, R19, and R20 regulations differ and the details are presented in the supporting documents uploaded. These regulations are circulated among the teaching staff and the students too, at the beginning of every academic year, as applicable to their corresponding year of admission.
- Marks were awarded for all the above modes of evaluation and the final mark is calculated as per the regulation scheme (R16/R19/R20) according to the year of admission of the student.
- To bring uniformity in evaluation of scripts by fresh recruits, the scripts were also scrutinized randomly by senior faculty for error free evaluation.
- Special tests for slow learners were conducted during the study hours and evaluation reports are shared with them by the course instructor in detail for improving their performance levels in such continuous assessments.

1.3 - Curriculum Enrichment**1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum**

Our institute is committed to providing technologically sophisticated programmes for rural aspirants through a value-based, socially sensitive educational community. Our courses follow the curriculum established by the affiliating university (JNTUK) and address cross-cutting issues such as sustainability, environmental management, and professional ethics.

In terms of professional ethics and human values, our objective is to produce successful young professionals who can effectively tackle social problems using fresh ideas. We emphasize the importance of weighing the pros and cons of technology while considering professional ethics and values. Universal Human Values

(UHV) are integrated into the Student Induction Programme (SIP) to empower students to make wise decisions and serve the community better.

Regarding gender equality, our institute actively promotes it through various activities and initiatives. We prioritize the hiring of female staff, ensuring at least 50% representation. The Women Empowerment Cell (WEC) instills confidence among female staff, and events like Women's Day and Equality Day are organized. Equal opportunities are provided to all students and staff, regardless of gender, in academic, co-curricular, and extracurricular activities.

Furthermore, our institute emphasizes environmental sustainability. Environmental Studies courses cover topics related to sustainability, environmental concerns, pollution management, and the importance of developing a green campus. We encourage student involvement in initiatives such as Swachh Bharat, tree plantations, and energy-saving campaigns.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The institution organizes Orientation programmes/Induction programmes for freshers both at the college level and at the department level. During this process, the institution assesses the learning levels of the students in two ways at the time of the commencement of the programme. Students enrolled in various disciplines are identified as slow and advanced learners based on their qualifying examination marks and an entry level test conducted by each department. The provision of simple and standard lecture notes/course materials is one of the strategies used for slow learners' academic enrichment. Bilingual explanations and discussions are imparted to slow learners after class hours for better understanding. Remedial Classes are conducted with the aim to improve the academic performance of slow learners, absentees, and students who participate in sports and other activities. Group Study System is also encouraged with the help of advanced learners. Special training is also given to improve communication and language skills via Skill Development Programmes while giving additional attention to developing attitude and aptitude. Advanced learners are encouraged to enroll in MOOC Courses like Swayam, NPTEL, and other LMSs.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Institute adapted various student centric methods to enhance learning experiences, such as :

Experiential learning : The faculty members foster learning environment by engaging students in rich experiential content through visual aids, demonstrations, periodical industrial visits, exhibitions, presenting papers, analyzing case studies, participating and conducting quiz on theoretical topics.

Group Learning : Group Learning allows the slow learners to develop problem solving, interpersonal, presentation, and communication skills to improve quality in learning along their peers.

ICT enabled teaching-learning : Institute provided Wi-Fi enabled class rooms with LCDs, Language Labs, Smart Class rooms, and E-learning resources.

Student Seminars : The Student seminars are organized where in the papers are presented by students on contemporary topics to enrich their learning experience.

Summer Internships : SIPs provide valuable insights i.e. on-the-job skills and provide excellent networking opportunities to the students for aiding in their final placement.

Project - based learning : Certain courses related to Computer Sciences demand project based learning. All the UG, PG programmes have project work in final semester curriculum. The teachers provide guidance in the process of completion of project works.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

At St.Mary's, faculty use traditional teaching methods blended with technology and engage students in learning process. The ICT facilities at the Institute[1]vary as projectors, digital panels, smart screens, multimedia equipment fitted in selected classrooms and labs. Seminar halls are also equipped with digital devices where guest lectures, expert talks and various competitions are regularly organized for students.

Digital Library resources (DELNET) are available for students and faculty.

Faculty are encouraged to teach through power-point presentations by using smart screens.

Faculty use various ICT tools for conducting workshops for hands-on practice for courses on programming languages, and simulations.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

As the institute is affiliated to Jawaharlal Nehru Technological University Kakinada, the regulations prescribed by the university are followed during the evaluation process for students both in terms of internal and external assessments. An Academic planner is prepared at the beginning of each semester by incorporating the internal assessment schedules and is circulated to all the students. As per the current regulations (R20), internal assessments are conducted both in objective (Multiple Choice Questions) and subjective (descriptive pattern) manner. Internal assessments are conducted twice in each semester and the weightage of marks is to be considered as 80% from the best-performed mid-exam and the rest 20% from the other mid-exam for each course. Internal assessments are carried out as per the regulations of the affiliating university for theory courses, laboratory courses, seminars, summer internships, and projects. Questions are prepared for assignments, quizzes, and mid-exams based on the course outcomes incorporating Bloom's taxonomy levels for CO-PO attainment allowing enhanced learning experiences. The scheme of evaluation is shared with the students once the mid-exams conclude. Evaluated answer scripts of all sorts of assessments are shown to the students for self-check and improvement based on comments, suggestions, and remarks from the evaluators. For assessment of co-curricular tasks such as seminars, summer internships, and project works, faculty coordinators prepare schedules of presentations and evaluate on the basis of various metrics set by affiliating university. Faculty provide suggestions to students for improving their performances in subsequent assessments.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

Grievance Redressal Mechanism adopted at the Institute :

- Student(s) raises dispute regarding internal marks awarded.
- If the student(s) is not satisfied by the Faculty's explanation, student is free to approach the Examination

Cell.

- Examination Cell chaired by the Principal calls for a meeting with the members of the Exam cell. The cell holds discussions individually as well as combined with Student(s) and the concerned Faculty(s).
- Examination Cell after discussions takes a decision form the following :
- Conduct Re-exam for the student

or

- Answer script is to be revaluated by other faculty from the same specialization.

and / or

- Recommends corrective action
- In the case of malpractice, the student's explanation is heard and collected in written form. The decision of the cell after detailed analysis case-wise is forwarded to the Principal for corrective action.
- Minutes of the meeting are prepared and the corresponding file at the Exam Cell is updated with the details regarding grievance redressed.
- The whole process is completed within 3 days from the time of receiving the grievance.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

The institute takes the following measures to create wide awareness among students and faculty on the programme outcomes and course outcomes for all programmes offered in the institution.

The process adopted is here as under :

1. Conduct a seminar / workshop on Outcome Based Education, for students and teaching staff

2. Display of programme outcomes at all the prominent locations in the institute
3. Programme outcomes and programme specific outcomes are displayed in the department office as well as in all laboratories of the programme concerned
4. Every faculty ensures that the first two lecture hours are devoted for explaining the course objectives and outcomes for the respective course, and map them together while assessing them in mid-exams
5. Every faculty takes course-end survey for the course outcomes

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Each course is evaluated by the assessment of course outcomes by direct and indirect assessment tools which were predefined. Direct assessment is carried out by Internal and external assessment and indirect assessment is carried out by the course end survey. Schedule of direct assessments is prepared by the course coordinator while meeting the requirements of JNTUK regulations. The respective department heads will verify and evaluate the direct assessments prepared by the course coordinator.

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words

The Institution has established a mechanism for conducting internal and external audits on the financial transactions every year to ensure financial compliance. Internal audit is conducted half yearly by the internal financial committee of the institution. The committee thoroughly verifies the income and expenditure details and the compliance report of internal audit is submitted to the management of the institution through principal. External audit is conducted once in every year by an external agency.

The mechanisms used to monitor effective and efficient use of financial resources are as below:

1. Before the commencement of every financial year, principal

submits a proposal on budget allocation, by considering the recommendations made by the heads of all the departments, to the management.

2. College budget includes recurring expenses such as salary, electricity, internet charges, maintenance cost, stationery, other consumable charges etc., and non - recurring expenses like lab equipment purchases, furniture and other development expenses.

3. The expenses will be monitored by the accounts department as per the budget allocated by the management.

4. The depreciation costs of various things purchased in the preceding years are also worked out.

6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

The Institution has well set mechanism to strategize the mobilization of funds and monitor efficiently the available resources.

Utilization of Funds

1. A finance committee has been constituted to monitor the optimum utilization of funds for various recurring and non-recurring expenses
2. The purchase committee seeks quotations from vendors for the purchase of equipment, computers, books, etc.
3. The quotations are scrutinized by the finance and purchase committee before a final decision is made based on parameters like pricing, quality, terms of service, etc.
4. The Principal, finance and purchase committees along with the accounts department ensure that the expenditure lies within the allotted budget.

Resource Mobilization Policy and Procedure

1. Before the financial year begins, Principal and Heads of Departments prepare the college budget.
2. After estimating the projected income for an academic year, the Principal sends it for approval to the Management.
3. Once it is approved by the management, the principal himself is allocated with some contingency fund and also allocates budget to each department.
4. After the allocation, the departments can avail the financial resources within the given limit.
5. Purchases are made with the recommendations of duly constituted purchase committee

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

The IQAC Cell of the college works towards maintaining and improving the quality of education, identifying and suggesting new ways of using teaching aids, developing suitable infrastructure, and offering counseling and guidance for the new technical courses. The IQAC meets every quarterly to plan, direct, implement, audit, and evaluate the teaching, research, and publication activities in the college. The sub-committees and departments implement the IQAC guidelines and report the feedback. The IQAC strives to spread quality culture through quality

enhancement initiatives and best practices. Significant improvements in quality have been made by institutionalizing the following IQAC initiatives :

1. All the staff and Students are encouraged to participate in Refresher Courses, Orientation Programmes, Research, Seminars and Workshops etc. for the upgradation of knowledge base.
2. Robust mentor-mentee system, collection and analysis of feedback from all stakeholders and actions taken for improvement.
3. Suggesting means to maximize the use of laboratories and up skill.
4. Perform Internal Academic Audit and suggest methods to increase quality in all academic activities.

7.1.11 - Institution celebrates / organizes national and international commemorative days, events and festivals

Our students are on a mission to better India by breaking the boundaries of religion and caste. Thoughts of great Indian personalities sowed into the young minds through the exhibitions and programs conducted on these days. The institution practices a pluralist approach towards all religious functions and encourages the students and faculty to showcase the same. Every year our institute organizes national festivals and birth anniversaries of great Indian personalities. Staff and students were enlightened on the importance of national integrity in the country in general and their role in it in particular.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Best Practice_1: Performance Based Appraisal System (PBAS)

It is an open, formal, and systematic procedure designed to assist both staff and management in planning, managing, evaluating, and realizing performance improvement in organization with the aim of

achieving organizational goals. The institute has devised this system to practice a transparent mechanism in evaluating and appraising evaluate the academic and non-academic staff in the institute. It is used as a tool to measure the performance of staff, provide feedback and assist them to improve their potential.

Best Practice_2: Student Employability Enhancement Programme (SEEP)

It is a programme aimed at developing the skill set of students focusingto find a career in the corporate world. Major concentration through this programme is on the pre-final and final years of all departments. This programme comprised of series of training activities to enhance the students' potential in communication, interpersonal, soft skills and thus employability. As most of the students in the institute are from rural backgrounds, this unique programme has been proven successful.
