SEMINAR

ON

### OUTCOME BASED EDUCATION

14<sup>th</sup> AUGUST-2021

#### ABOUT SEMINAR

A class might be characterized as a get-together of individuals to examine an expressed subject. Such social affairs are normally intelligent meetings where the members take part in conversations about the outlined subject. The meetings are normally headed or driven by a couple of moderators who effectively steer the conversation along the ideal way.

An exchange class brings a wide cross-segment of the local area together, like government authorities, financial specialists and ladies and the overall population. Such courses frequently comprise of studios and the introduction of white papers. They are generally held to coordinate with different sellers and making new associations.

#### OUTCOME-BASED EDUCATION

Outcome-based education (OBE) is instruction in which an accentuation is put on an obviously expressed thought of what understudies are generally anticipated to be aware and have the option to do, that is to say, what abilities and information they need to have, when they leave the educational system. It is in some cases likewise called execution based schooling and is an endeavor to gauge instructive viability in light of results as opposed to on data sources, for example, time understudies spend in class. The understudy learning results comprise the models by which educational plan is created or overhauled, informative materials are chosen, showing techniques are taken on, and assessment is directed.

It is a mix of three kinds of capability:

- viable: knowing how to get things done, capacity to simply decide
- central: understanding what you are doing and why
- intelligent: learn and adjust through self-reflection; apply information fittingly and mindfully.
