4.1.1 Availability of adequate infrastructure and physical facilities viz., classrooms, laboratories, ICT infrastructure, facilities for cultural and sports activities, gymnasium, yoga centre etc. in the institution

ST.MARY'S follows simple policies and procedures. The institute has always appointed qualified teaching and non-teaching staff to enhance teaching and learning processes. The institute augments infrastructure on a regularly basis aligning the university regulations, student strength, and syllabus as updated by the university in every three years.

The institute believes in the discovery of new knowledge through innovative research that encourages entrepreneurship and economic development to benefit the global society. The institute teaches and follows ethical and environmentally responsible engineering practices.

BLOCK F

For the past 13 years, the institute has been enhancing infrastructure and other facilities as per the sanction of emerging courses and increase in intake in various courses.

Classrooms :

- For conducting theory classes (Lectures and Tutorials), adequate provision is made in the institute. This space is also used for conducting the examinations.

- The institute has a mini-auditorium and seminar halls to conduct conferences / workshops for students and staff. The halls are equipped with a public address system, projectors, internet, and white boards.

Technology enabled learning rooms :

- Each department in the institute is provided with technology enabled class room to facilitate engaged and active learning.
- Classrooms have a minimum seating capacity of 60.
- Classrooms have CC Cameras for continues monitoring to maintain discipline and inorder to avoid the ragging harassments.

SEMINAR HALL 03 (E 009):

SEMINAR HALL 04(D 001):

Laboratories :

- All laboratories are well equipped with state-of-the art facilities, and well maintained not only for carrying out curriculum-oriented lab practices but also to carryout research activities.

- The necessary hardware, licensed/open-source software are available in each department to carry out the curricular, co-curricular, and research activities.

- All the computer labs are provided with uninterruptible power supply (UPS).

Wi –Fi:
The Campus has Wireless access facility for data communication. Initially this facility was restricted to only admin and for core departments. Currently, the Institution has a campus-wide Wi-Fi solution catering
every department, every Corridor of the buildings, Hostels and for Guest usage. Internet access through wired and wireless method catering to all the students of various disciplines is available.
